“I’m looking for ways to streamline my giving but still help my community.”

“I’m looking for an organization in my community that I can trust to make good use of my donations.” That’s Camas-Washougal Community Chest!

95 percent of the contributions received are given to local charities within our community.

Camas-Washougal Community Chest offers these giving options:

- **Workplace giving**—participate in your company’s campaign. If you don’t have one we’ll help you organize one today!
- **Direct Contribution**—many individuals within the community make a gift directly to the Community Chest campaign each year.
- **Cash or Securities**—gifts of appreciated securities may maximize your tax deduction by avoiding capital gains. We can provide easy instructions for making a stock transfer.
- **Pledge Payments**—simply fill out this form and send your pledge in an envelope or submit your pledge for payroll deduction to your employer’s payroll department.

The Community Chest manages workplace giving campaigns for many worthy organizations within the Camas-Washougal area. It is also a wonderful way for employees and their families to learn about the services provided by local non-profit organizations. A Community Chest campaign gives employees the opportunity to become knowledgeable about our community’s most critical needs and to make solutions possible.

Let us help you make a contribution!
